STEROID USE PROHIBITION

I, the undersigned parent or guardian, and I, the undersigned student, understand the use of anabolic steroids by any student involved in school-related athletics is prohibited, except for a valid medical purpose. We understand that bodybuilding, muscle enhancement, increased muscle bulk or strength, or the enhancement of athletic ability is not a medical purpose. We further understand that the student may be subject to random and specific testing for anabolic steroid use before and during the athletic season(s). We are aware that the use of anabolic steroids may, at least, result in the temporary or permanent suspension from school athletics as specified by the Board of Public Education.

**PIAA COMPREHENSIVE INITIAL
PRE-PARTICIPATION PHYSICAL EVALUATION**

INITIAL EVALUATION: Prior to any student participating in Practices, Inter-School Practices, Scrimmages, and/or Contests, at any PIAA member school in any school year, the student is required to (1) complete a Comprehensive Initial Pre-Participation Physical Evaluation (CIPPE); and (2) have the appropriate person(s) complete the first six Sections of the CIPPE Form. Upon completion of Sections 1 and 2 by the parent/guardian; Sections 3, 4, and 5 by the student and parent/guardian; and Section 6 by an Authorized Medical Examiner (AME), those Sections must be turned in to the Principal, or the Principal's designee, of the student's school for retention by the school. The CIPPE may not be authorized earlier than June 1st and shall be effective, regardless of when performed during a school year, until the latter of the next May 31st or the conclusion of the current spring sports season.

SUBSEQUENT SPORT(S) IN THE SAME SCHOOL YEAR: Following completion of a CIPPE, the same student seeking to participate in Practices, Inter-School Practices, Scrimmages, and/or Contests in subsequent sport(s) in the same school year, must complete Section 7 of this form and must turn in that Section to the Principal, or Principal's designee, of his or her school. The Principal, or the Principal's designee, will then determine whether Section 8 need be completed.

SECTION 1: PERSONAL AND EMERGENCY INFORMATION

PERSONAL INFORMATION

Student's Name _____ Male/Female (circle one)

Date of Student's Birth: ___/___/___ Age of Student on Last Birthday: ___ Grade for Current School Year: ___

Current Physical Address _____

Current Home Phone # () _____ Parent/Guardian Current Cellular Phone # () _____

Fall Sport(s): _____ Winter Sport(s): _____ Spring Sport(s): _____

EMERGENCY INFORMATION

Parent's/Guardian's Name _____ Relationship _____

Address _____ Telephone # () _____

Student's Allergies _____

Student's Health Condition(s) of Which an Emergency Physician or Other Medical Personnel Should be Aware _____

Student's Prescription Medications and conditions of which they are being prescribed _____

SECTION 2: CERTIFICATION OF PARENT/GUARDIAN

The student's parent/guardian must complete all parts of this form.

A. I hereby give my consent for _____ born on _____ who turned _____ on his/her last birthday, a student of _____ School and a resident of the _____ public school district, to participate in Practices, Inter-School Practices, Scrimmages, and/or Contests during the 20____ - 20____ school year in the sport(s) as indicated by my signature(s) following the name of the said sport(s) approved below.

Fall Sports	Signature of Parent or Guardian
Cross Country	
Field Hockey	
Football	
Golf

B. **Understanding of eligibility rules:** I hereby acknowledge that I am familiar with the requirements of PIAA concerning the eligibility of students at PIAA member schools to participate in Inter-School Practices, Scrimmages, and/or Contests involving PIAA member schools. Such requirements, which are posted on the PIAA Web site at www.piaa.org, include, but are not necessarily limited to age, amateur status, school attendance, health, transfer from one school to another, season and out-of-season rules and regulations, semesters of attendance, seasons of sports participation, and academic performance.

Parent's/Guardian's Signature _____ Date ____ / ____ / ____

C. **Disclosure of records needed to determine eligibility:** To enable PIAA to determine whether the herein named student is eligible to participate in interscholastic athletics involving PIAA member schools, I hereby consent to the release to PIAA of any and all portions of school record files, beginning with the seventh grade, of the herein named student specifically including, without limiting the generality of the foregoing, birth and age records, name and residence address of parent(s) or guardian(s), residence address of the student, health records, academic work completed, grades received, and attendance data.

Parent's/Guardian's Signature _____ Date ____ / ____ / ____

D. **Permission to use name, likeness, and athletic information:** I consent to PIAA's use of the herein named student's name, likeness, and athletically related information in video broadcasts and re-broadcasts, webcasts and reports of Inter-School Practices, Scrimmages, and/or Contests, promotional literature of the Association, and other materials and releases related to interscholastic athletics.

Parent's/Guardian's Signature _____ Date ____ / ____ / ____

E. **Permission to administer emergency medical care:** I consent for an emergency medical care provider to administer any emergency medical care deemed advisable to the welfare of the herein named student while the student is practicing for or participating in Inter-School Practices, Scrimmages, and/or Contests. Further, this authorization permits, if reasonable efforts to contact me have been unsuccessful, physicians to hospitalize, secure appropriate consultation, to order injections, anesthesia (local, general, or both) or surgery for the herein named student. I hereby agree to pay for physicians' and/or surgeons' fees, hospital charges, and related expenses for such emergency medical care. I further give permission to the school's athletic administration, coaches and medical staff to consult with the Authorized Medical Professional who executes Section 6 regarding a medical condition or injury to the herein named student.

Parent's/Guardian's Signature _____ Date ____ / ____ / ____

F. **CONFIDENTIALITY:** The information on this CIPPE shall be treated as confidential by school personnel. It may be used by the school's athletic administration, coaches and medical staff to determine athletic eligibility, to identify medical conditions and injuries, and to promote safety and injury prevention. In the event of an emergency, the information contained in this CIPPE may be shared with emergency medical personnel. Information about an injury or medical condition will not be shared with the public or media without written consent of the parent(s) or guardian(s).

Parent's/Guardian's Signature _____ Date ____ / ____ / ____

SECTION 3: UNDERSTANDING OF RISK OF CONCUSSION AND TRAUMATIC BRAIN INJURY

What is a concussion?

A concussion is a brain injury that:

- Is caused by a bump, blow, or jolt to the head or body.
- Can change the way a student's brain normally works.
- Can occur during Practices and/or Contests in any sport.
- Can happen even if a student has not lost consciousness.
- Can be serious even if a student has just been "dinged" or "had their bell rung."

All concussions are serious. A concussion can affect a student's ability to do schoolwork and other activities (such as playing video games, working on a computer, studying, driving, or exercising). Most students with a concussion get better, but it is important to give the concussed student's brain time to heal.

What are the symptoms of a concussion?

Concussions cannot be seen; however, in a potentially concussed student, **one or more** of the symptoms listed below may become apparent and/or that the student "doesn't feel right" soon after, a few days after, or even weeks after the injury.

- Headache or "pressure" in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Bothered by light or noise
- Feeling sluggish, hazy, foggy, or groggy
- Difficulty paying attention
- Memory problems
- Confusion

What should students do if they believe that they or someone else may have a concussion?

- **Students feeling any of the symptoms set forth above should immediately tell their Coach and their parents.** Also, if they notice any teammate evidencing such symptoms, they should immediately tell their Coach.
- **The student should be evaluated.** A licensed physician of medicine or osteopathic medicine (MD or DO), sufficiently familiar with current concussion management, should examine the student, determine whether the student has a concussion, and determine when the student is cleared to return to participate in interscholastic athletics.
- **Concussed students should give themselves time to get better.** If a student has sustained a concussion, the student's brain needs time to heal. While a concussed student's brain is still healing, that student is much more likely to have another concussion. Repeat concussions can increase the time it takes for an already concussed student to recover and may cause more damage to that student's brain. Such damage can have long term consequences. It is important that a concussed student rest and not return to play until the student receives permission from an MD or DO, sufficiently familiar with current concussion management, that the student is symptom-free.

How can students prevent a concussion? Every sport is different, but there are steps students can take to protect themselves.

- Use the proper sports equipment, including personal protective equipment. For equipment to properly protect a student, it must be:
 - The right equipment for the sport, position, or activity;
 - Worn correctly and the correct size and fit; and
 - Used every time the student Practices and/or competes.
- Follow the Coach's rules for safety and the rules of the sport.
- Practice good sportsmanship at all times.

If a student believes they may have a concussion: Don't hide it. Report it. Take time to recover.

I hereby acknowledge that I am familiar with the nature and risk of concussion and traumatic brain injury while participating in interscholastic athletics, including the risks associated with continuing to compete after a concussion or traumatic brain injury.

Student's Signature _____ Date ____/____/____

I hereby acknowledge that I am familiar with the nature and risk of concussion and traumatic brain injury while participating in interscholastic athletics, including the risks associated with continuing to compete after a concussion or traumatic brain injury.

Parent's/Guardian's Signature _____ Date ____/____/____

SECTION 4: UNDERSTANDING OF SUDDEN CARDIAC ARREST SYMPTOMS AND WARNING SIGNS

What is sudden cardiac arrest?

Sudden cardiac arrest (SCA) is when the heart stops beating, suddenly and unexpectedly. When this happens blood stops flowing to the brain and other vital organs. SCA is NOT a heart attack. A heart attack may cause SCA, but they are not the same. A heart attack is caused by a blockage that stops the flow of blood to the heart. SCA is a malfunction in the heart's electrical system, causing the heart to suddenly stop beating.

How common is sudden cardiac arrest in the United States?

There are about 300,000 cardiac arrests outside hospitals each year. About 2,000 patients under 25 die of SCA each year.

Are there warning signs?

Although SCA happens unexpectedly, some people may have signs or symptoms, such as:

- dizziness
- lightheadedness
- shortness of breath
- difficulty breathing
- racing or fluttering heartbeat (palpitations)
- syncope (fainting)
- fatigue (extreme tiredness)
- weakness
- nausea
- vomiting
- chest pains

These symptoms can be unclear and confusing in athletes. Often, people confuse these warning signs with physical exhaustion. SCA can be prevented if the underlying causes can be diagnosed and treated.

What are the risks of practicing or playing after experiencing these symptoms?

There are risks associated with continuing to practice or play after experiencing these symptoms. When the heart stops, so does the blood that flows to the brain and other vital organs. Death or permanent brain damage can occur in just a few minutes. Most people who have SCA die from it.

Act 59 – the Sudden Cardiac Arrest Prevention Act (the Act)

The Act is intended to keep student-athletes safe while practicing or playing. The requirements of the Act are:

Information about SCA symptoms and warning signs.

- Every student-athlete and their parent or guardian must read and sign this form. It must be returned to the school before participation in any athletic activity. A new form must be signed and returned each school year.
- Schools may also hold informational meetings. The meetings can occur before each athletic season. Meetings may include student-athletes, parents, coaches and school officials. Schools may also want to include doctors, nurses, and athletic trainers.

Removal from play/return to play

- Any student-athlete who has signs or symptoms of SCA must be removed from play. The symptoms can happen before, during, or after activity. Play includes all athletic activity.
- Before returning to play, the athlete must be evaluated. Clearance to return to play must be in writing. The evaluation must be performed by a licensed physician, certified registered nurse practitioner, or cardiologist (heart doctor). The licensed physician or certified registered nurse practitioner may consult any other licensed or certified medical professionals.

I have reviewed and understand the symptoms and warning signs of SCA.

Section 8: Re-CERTIFICATION BY LICENSED PHYSICIAN OF MEDICINE OR OSTEOPATHIC MEDICINE

This Form must be completed for any student who, subsequent to completion of Sections 1 through 6 of this CIPPE Form, required medical treatment from a licensed physician of medicine or osteopathic medicine. This Section 8 may be completed at any time following completion of such medical treatment. Upon completion, the Form must be turned in to the Principal, or the Principal's designee, of the student's school, who, pursuant to ARTICLE X, LOCAL MANAGEMENT AND CONTROL, Section 2, Powers and Duties of Principal, subsection C, of the PIAA Constitution, shall "exclude any contestant who has suffered serious illness or injury until that contestant is pronounced physically fit by the school's licensed physician of medicine or osteopathic medicine, or if none is employed, by another licensed physician of medicine or osteopathic medicine."

NOTE: The physician completing this Form must first review Sections 5 and 6 of the herein named student's previously completed CIPPE Form. Section 7 must also be reviewed if both (1) this Form is being used by the herein named student to participate in Practices, Inter-School Practices, Scrimmages, and/or Contests in a subsequent sport season in the same school year AND (2) the herein named student either checked yes or circled any Supplemental Health History questions in Section 7.

If the physician completing this Form is clearing the herein named student subsequent to that student sustaining a concussion or traumatic brain injury, that physician must be sufficiently familiar with current concussion management such that the physician can certify that all aspects of evaluation, treatment, and risk of that injury have been thoroughly covered by that physician.

Student's Name: _____ Age _____ Grade _____

Enrolled in _____ School _____

Condition(s) Treated Since Completion of the Herein Named Student's CIPPE Form: _____

A. GENERAL CLEARANCE: Absent any illness and/or injury, which requires medical treatment, subsequent to the date set forth below, I hereby authorize the above-identified student to participate for the remainder of the current school year in additional interscholastic athletics with no restrictions, except those, if any, set forth in Section 6 of that student's CIPPE Form.

Physician's Name (print/type) _____ License #: _____

Address _____ Phone () _____

Physician's Signature _____ MD or DO (circle one) Date _____

B. LIMITED CLEARANCE: Absent any illness and/or injury, which requires medical treatment, subsequent to the date set forth below, I hereby authorize the above-identified student to participate for the remainder of the current school year in additional interscholastic athletics with, in addition to the restrictions, if any, set forth in Section 6 of that student's CIPPE Form, the following limitations/restrictions:

1. _____
2. _____
3. _____
4. _____

Physician's Name (print/type) _____ License # _____

Address _____ Phone () _____

Physician's Signature _____ MD or DO (circle one) Date _____

Section 9: CIPPE MINIMUM WRESTLING WEIGHT

INSTRUCTIONS

Pursuant to the Weight Control Program adopted by PIAA, prior to the participation by any student in interscholastic wrestling, the Minimum Wrestling Weight (MWW) at which the student may wrestle during the season must be (1) certified to by an Authorized Medical Examiner (AME) and (2) established NO EARLIER THAN six weeks prior to the first Regular Season Contest day of the wrestling season and NO LATER THAN the Monday preceding the first Regular Season Contest day of the wrestling season (See NOTE 1). This certification shall be provided to and maintained by the student's Principal, or the Principal's designee.

In certifying to the MWW, the AME shall first make a determination of the student's Urine Specific Gravity/Body Weight and Percentage of Body Fat, or shall be given that information from a person authorized to make such an assessment ("the Assessor"). This determination shall be made consistent with National Federation of State High School Associations (NFHS) Wrestling Rule 1, Competition, Section 3, Weight-Control Program, which requires, in relevant part, hydration testing with a specific gravity not greater than 1.025, and an immediately following body fat assessment, as determined by the National Wrestling Coaches Association (NWCA) Optimal Performance Calculator (OPC) (together, the "Initial Assessment").

Where the Initial Assessment establishes a percentage of body fat below 7% for a male or 12% for a female, the student must obtain an AME's consent to participate.

For all wrestlers, the MWW must be certified to by an AME.

Student's Name _____ Age _____ Grade _____
Enrolled in _____ School _____

INITIAL ASSESSMENT

I hereby certify that I have conducted an Initial Assessment of the herein named student consistent with the NWCA OPC, and have determined as follows:

Urine Specific Gravity/Body Weight _____ / _____ Percentage of Body Fat _____ MWW _____

Assessor's Name (print/type) _____ Assessor's I.D. # _____

Assessor's Signature _____ Date ____/____/____

CERTIFICATION

Consistent with the instructions set forth above and the Initial Assessment, I have determined that the herein named student is certified to wrestle at the MWW of _____ during the 20____ - 20____ wrestling season.

AME's Name (print/type) _____ License # _____

Address _____ Phone (____) _____

AME's Signature _____ MD, DO, PAC, CRNP, or SNP Date of Certification ____/____/____
(circle one)

For an appeal of the Initial Assessment, see NOTE 2.

NOTES:

1. For senior high school wrestlers coming out for the Team AFTER the Monday preceding the first Regular Season Contest day of the wrestling season the OPC will remain open until January 15th and for junior high/middle school wrestlers coming out for the Team AFTER the Monday preceding the first Regular Season Contest day of the wrestling season the OPC will remain open all season.
2. Any athlete who disagrees with the Initial Assessment may appeal the assessment results one time by having a second assessment, which shall be performed prior to the athlete's first Regular Season wrestling Contest and shall be consistent with the athlete's weight loss (descent) plan. Pursuant to the foregoing, results obtained at the second assessment shall supersede the Initial Assessment; therefore, no further appeal by any party shall be permitted. The second assessment shall utilize either Air Displacement Plethysmography (Bod Pod) or Hydrostatic Weighing testing to determine body fat percentage. The urine specific gravity testing shall be conducted and the athlete must obtain a result of less than or equal to 1.025 in order for the second assessment to proceed. All costs incurred in the second assessment shall be the responsibility of those appealing the Initial Assessment.

UNIVERSITY OF PITTSBURGH MEDICAL CENTER (UPMC)
CONSENT FOR TREATMENT AND HEALTH CARE OPERATIONS (TPO)

I _____ (print or type name) consent to the provision of care. I understand that this care may include medical treatment, special tests, exams, evaluation, treatment, and rehabilitation of athletic injuries. I acknowledge that no guarantees have been given to me as to the outcome of any examination or treatment and all results of any examination and/or treatment are kept confidential.

I understand and agree that others may assist or participate in providing care. This may include, but may not be limited to team/school/family physician, school nurse, and licensed physical therapists. Also, under the direction of a certified athletic trainer may include college/university student athletic trainers, and high school student athletic trainers.

_____ Athlete/patient signature	_____ Date	_____ UPMC Sports Medicine representative
_____ Parent / Guardian Signature	_____ Date	_____ UPMC Sports Medicine representative
_____ Signature/identify on behalf of patient relationship	_____ Date	_____ UPMC Sports Medicine representative

UNIVERSITY OF PITTSBURGH MEDICAL CENTER (UPMC)
Authorization for Release of protected Health Information

RELEASE OF PROTECTED HEALTH INFORMATION

- I authorize UPMC to provide information related to my care to be provided to the family/school/team physician, school nurse, coaches, athletic directors, school principals, EMS personnel, and such persons as needed for them to provide consultation, treatment, and establish a plan of care.
I give authorization to UPMC to use my UPMC billing information for UPMC departmental internal reporting only.
I give authorization to UPMC (including hospitals, other entities and programs) to access medical or other information maintained on electronic information systems or stored in various forms at individual UPMC affiliates related to treatment/or services provided to me by UPMC and/or any affiliate in connection with my care, health care operations, or payment for treatment and services. I also authorize information related to my care to be provided to my family/team/school physician and such persons as necessary for them to provide consultation, treatment, and/or services to me.
I understand that my health record(s) will not be released or obtained by UPMC unless permission is provided for herein as evidenced by the signature on this Authorization for Release of Protected Health Information (Authorization)
I understand that the release of my health record(s) will be for the purpose stated on this form.
I understand that the health record(s) released by UPMC may possibly be re-disclosed by the facility/person that receives the record(s) and therefore (1) UPMC and its staff/employees have no responsibility or liability as a result of the re-disclosure and (2) such information would no longer be protected by the Privacy Rule.
I understand that this Authorization is in effect for a period of the current scholastic sport season (fall, winter, or spring as designated by the school), or beyond in the event of the continued treatment of an injury from that designated sports season; however, no time frame specified shall go beyond one year from the date of signature.
I understand that this Authorization is also in effect if I am treated for an injury during off-season workouts; however, no time frame specified shall go beyond one year from the date of signature.
I understand that I have the right to revoke this Authorization form at any time by sending a written request to UPMC where the Authorization was provided.
I understand that my decision to revoke the Authorization does not apply to any release of my health record(s) that may have taken place prior to the date of my request to revoke the Authorization.
I understand that I am entitled to a copy of this completed Authorization form.

Signature lines for Athlete/patient, Parent/Guardian, and Signatures identifying on behalf of patient/relationship, each with Date and UPMC Sports Medicine representative fields.

Dear Parent or Guardian:

I am writing to inform you of the medical care that will be provided for your child while he/she participates in interscholastic varsity sports for the Pittsburgh Public Schools.

I am a licensed athletic trainer hired by University of Pittsburgh Medical Center (UPMC) to provide medical care for the school district. I have earned a Master's of Education degree, passed a comprehensive exam administered by the Board of Certification, and received additional licensure from the Pennsylvania State Board of Medicine. I am a healthcare professional trained in injury prevention, clinical evaluation, emergency care, and rehabilitation of athletic injuries.

If your child becomes injured during the season, it is best that he/she informs me or any athletic trainer who may be present. It will be easier for me to monitor your child and speak to the coaches about necessary accommodations if I am aware of the injury. It is also important for you as the parent/guardian to know that every injury may not require a trip to the doctor or emergency room. I am able to evaluate your child and make suggestions about further medical attention. I can also treat and provide rehabilitation for injuries such as ligament sprains, muscle strains, and contusions.

As the parent/guardian, you always have the option to take your child to the doctor of your choice. Please know that the Pennsylvania Interscholastic Athletic Association (PIAA) requires injured student-athletes, who receive medical attention beyond what is provided at the school, i.e. going to a doctor, emergency visit, must have a written note of medical clearance to resume participation. **Your child cannot return to practice or competition without the doctor's clearance note.**

Please contact me if you have any questions or concerns.

Sincerely,

Jessica L. Falvo MEd, LAT, ATC, CES

Dear Parent/Guardian:

As part of a contractual agreement between UPMC Sports Medicine and Pittsburgh Public Schools, UPMC provides certified athletic trainers to aide in the prevention, recognition, evaluation, and treatment of athletic injuries.

To treat your son or daughter, two forms must be signed by parents/guardians of the student-athlete. One is the "Consent for Treatment, Payment and Health Care Operations." This gives the athletic trainer(s) and other associated healthcare personnel permission to assist or participate in providing care in the event of an injury or illness. The other form is the "Authorization for Release of Protected Health Information." This form allows the athletic trainer(s) to communicate with medical personnel and the school district's athletic department personnel in order to provide consultation, treatment and establish a plan of care for the injured or ill patient.

Please note that these forms have no relationship to your health insurance plan and in no way influence your choice of medical care. UPMC, as the employers of the certified athletic trainer(s) at Pittsburgh Public Schools, must have these forms completed in order to provide care for your son or daughter to comply with privacy and standard consent to treat laws.

In addition, copies of the UPMC Notice of Privacy Practices documents are available at the school, can be sent in the mail upon request, or viewed at <http://www.upmc.com/HospitalsFacilities/hipaa/Pages/privacy-notice.aspx>.

Please sign the attached documents. If you revoke this authorization or consent form, please contact the athletic office at 412-622-3944. We look forward to your student-athlete's safe participation in Pittsburgh Public Schools athletics. Thank you for your time.

Sincerely,

UPMC Sports Medicine

Dear Parent/Guardian:

Pittsburgh Public School District, in conjunction with UPMC Sports Medicine, is providing ImPACT baseline neurocognitive tests to designated student-athletes participating in certain interscholastic sports as agreed by the School District and UPMC in their Athletic Training Services Agreement. Designated student-athletes Pittsburgh Public School District will participate in ImPACT baseline neurocognitive testing to assess key functions affected by a concussion.

The ImPACT baseline neurocognitive test is used to establish a benchmark score when an athlete is in his or her non-concussed or "normal" state. The result of the ImPACT baseline neurocognitive test is used as a comparison tool to determine if your son or daughter can safely return to play following a subsequently incurred concussion.

A concussion potentially can affect the student-athlete's school learning and social activities. Coordinated treatment between the UPMC certified athletic trainer, medical personnel, and the school district is important to assist in the student-athlete's recovery.

If for any reason, you think your son or daughter may have had a hit to the head or any other potential for a concussion prior to taking the ImPACT baseline neurocognitive screening test, it is strongly recommended that he or she promptly seek medical care from UPMC Sports Medicine concussion experts or other healthcare professionals qualified in concussion diagnosis and treatment.

It should be noted that this ImPACT baseline neurocognitive test does not evaluate the subject for a concussion; identify past concussion(s); prevent future concussions or determine if your son or daughter is predisposed to a concussion.

Additional information regarding the UPMC Sports Medicine Concussion Program is available on the UPMC Sports Medicine website at: www.upmcsportsmedicine.com.
